Ah,
no!

Hi!
Is this
seat
taken?

Japa-
nese
food is
yummy
too....

Ah

Eh

Akagi-
san...

I'd
like to
try it
some-
time.

Hey,
Prinz-char.
You can make
German food,
right?

Maybe
she's just
tired?

Bismarck
hasn't been
compli-
menting my
cooking...

Ah...
But lately
...

I think
that's
a little
off?

That's it,
she must
have gotten
tired of
eating the
same
meals!

Ara,
is that
so.

I don't
think I can
make it tasty
if I'm not
cooking for
Bismarck-
nee-sama...

Um,
I...

And we're going to develop some new recipes!!

What Bismarck-chan is yearning for must be a new menu!!

Ready, Prinz-chan?

Ufufu, it's very simple.
For a new menu, you need new ingredients.

So... Why did we prepare for a sortie!?

I knew it would be something like this

Won't that turn out all messed up-!?

It's fine! I'll do the taste testing!

And the Abyssal ships look edible, so let's catch some!

In search of new food!

...Got one.

We made capture shells out of our blanks, but...

A... Are we really going to cook these?

I wonder how they'll taste.

Fufu, thank you very much.

I've been wondering about these for a long time.

Up next is the main course, Prinz.

Don't come any closer -!!

Those tako-yaki!!

Lately,
Bismarck
has been
troubled.

Day and
night and
even while
eating, she
stares off
absent-
mindedly.

This is
no good.
No one will
praise me
like this.

After coming
to Japan
and seeing
battleships
like Nagato
and Yamato,
she's been
wondering
what her
role is.

Hm?

Prinz!?
What
happened
to all of
you!?

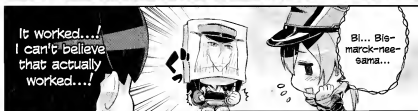

Dinner
tonight
is going
to be
a little
differ-
ent ☆

Prinz
!?

Prinz
is in a
weird
mood.

Are...
Are you
okay!P

Akagi-
san!

Even for
you, eating
Abyssal
ships isn't
possible!

You just
aren't
giving me
enough
love!
Now,
bring out
the next
one....!

I am
Bismarck
right now
....!

Bis
marck-
nee-
sama!

Yes!

Mor-
ning.

And
so they
developed
Prinz's new
menu long
into the
night...

But...
If you like,
please eat
some.

Sorry,
Bismarck-
nee-sama.
It became
breakfast
instead of
dinner...

Prinz...
It seems
like you made
quite a stir
with this last
night...

Ah...
She's lost
her mind.

It's the
new menu
I worked
so hard
making I'm
sure it's
tasty.

AFTERWORD

Now for the afterword. The punchline to this one is the secret behind the creation of Bismarck drel...! ...Uh, I feel kinda sorry. Now we have some space to fill. I thought I should make this book about the new ship girls. From the beginning I wanted to work Shimakaze into the story, but Prinz Eugen just fit too well... I apologize to all the people who expected my usual Shimakaze manga. People really seem to be going crazy over Prinz, probably because of the combination of her looks and voice... She's just like the heroine from you know what anime, and the timing is too good to resist. To sum it all up, she's very cute. It's just, while I was coming up with ideas for the manga, I had trouble coming up with good jokes. I have a much easier time coming up with material for characters who are a little off their rocker. Prinz is a super good girl, so I didn't know what to do. But then I decided to have her make food with the help of the usual troublemaking Akagi-san. It really ended up being fun drawing her running around. And finally, I'm very interested in the fried I-class. Its tail looks so much like a shrimp's that it's funny. Fried I-class ship...! What's with that...!

I guess that's enough for this time. See you next time!
